SUBJECT INDEX

HEARING

Nature of Hearing and Its Disorders

Normal Auditory Systems

Normally hearing children's responses to a nonsense syllable test (NST; Edgerton & Danhauer, 1979). Danhauer, J. L., Lewis, A., & Edgerton, B. Feb. 1985, 100-103.
Reliability of threshold, slope, and PB max for monosyllabic words. Beattie, R. C., & Raffin, M. J. M. May 1985, 166-178.

Auditory and Other Otic Pathologies

Auditory brainstem responses in a case of high-frequency conductive hearing loss. Gorga, M. P., Reiland, J. K., & Beauchaine, K. A. Nov. 1985, 346-350.
Rollover measurements with Auditec NU-6 word lists. Meyer, D. H., & Mishler, E. T. Nov. 1985, 356-360.

Hearing Loss and Deafness

Auditory brainstem responses in a case of high-frequency conductive hearing loss. Gorga, M. P., Reiland, J. K., & Beauchaine, K. A. Nov. 1985, 346-350.
Effects of glycerol on cochlear frequency selectivity in patients with Menière's disease. Harrison, R. V., Dauman, R., Tavartkiladze, G. A., & Aran, J.-M. May 1985, 213-217.
Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.
Relation between frequency selectivity and speech perception following glycerol-induced cochlear changes. Stelmachowicz, P. G., Johnson, D. E., Larson, L. L., & Brookhouser, P. E. Nov. 1985, 372-377.
Rollover measurements with Auditec NU-6 word lists. Meyer, D. H., & Mishler, E. T. Nov. 1985, 356-360.
The speech of the adventitiously deaf and auditory information: A response to Goehl and Kaufman (1984). Zimmermann, G. N., & Collins, M. J. May 1985, 220-221.
Vowel confusions of hearing-impaired listeners under reverberant and nonreverberant conditions. Nabelek, A. K., & Letowski, T. R. May 1985, 126-131.

Assessment of Hearing

Psychoacoustics

Relation between frequency selectivity and speech perception following glycerol-induced cochlear changes. Stelmachowicz, P. G., Johnson, D. E., Larson, L. L., & Brookhouser, P. E. Nov. 1985, 372-377.

Acoustical Instruments, Measurements, and Standards

Some effects of FM-system coupling on hearing aid characteristics. Hawkins, D. B., & Schum, D. J. May 1985, 132-141.
Spondee recognition threshold as a function of set size. Punch, J. L., & Howard, M. T. May 1985, 120-125.

Diagnostic Audiology—General

Normally hearing children's responses to a nonsense syllable test (NST; Edgerton & Danhauer, 1979). Danhauer, J. L., Lewis, A., & Edgerton, B. Feb. 1985, 100-103.
Reliability of threshold, slope, and PB max for monosyllabic words. Beattie, R. C., & Raffin, M. J. M. May 1985, 166-178.

Specific Diagnostic Techniques and Approaches

Acoustic-reflex dynamics and the loudness-discomfort level. Greenfield, D. G., Wiley, T. L., & Block, M. G. Feb. 1985, 14-20.

Auditory brainstem responses in a case of high-frequency conductive hearing loss. Gorga, M. P., Reiland, J. K., & Beauchaine, K. A. Nov. 1985, 346-350.

Rollover measurements with Auditec NU-6 word lists. Meyer, D. H., & Mishler, E. T. Nov. 1985, 356-360.

ACOUSTIC IMMITTANCE

Acoustic-reflex dynamics and the loudness-discomfort level. Greenfield, D. G., Wiley, T. L., & Block, M. G. Feb. 1985, 14-20.

BEHAVIORAL

Acoustic-reflex dynamics and the loudness-discomfort level. Greenfield, D. G., Wiley, T. L., & Block, M. G. Feb. 1985, 14-20.

ELECTROPHYSIOLOGIC

Auditory brainstem responses in a case of high-frequency conductive hearing loss. Gorga, M. P., Reiland, J. K., & Beauchaine, K. A. Nov. 1985, 346-350.

Effects of glycerol on cochlear frequency selectivity in patients with Menière's disease. Harrison, R. V., Dauman, R., Tavartkiladze, G. A., & Aran, J.-M. May 1985, 213-217.

SPEECH

Normally hearing children's responses to a nonsense syllable test (NST; Edgerton & Danhauer, 1979). Danhauer, J. L., Lewis, A., & Edgerton, B. Feb. 1985, 100-103.

Reliability of threshold, slope, and PB max for monosyllabic words. Beattie, R. C., & Raffin, M. J. M. May 1985, 166-178.

Rollover measurements with Auditec NU-6 word lists. Meyer, D. H., & Mishler, E. T. Nov. 1985, 356-360.

Spondee recognition threshold as a function of set size. Punch, J. L., & Howard, M. T. May 1985, 120-125.

Vowel confusions of hearing-impaired listeners under reverberant and nonreverberant conditions. Nabelek, A. K., & Letowski, T. R. May 1985, 126-131.

INTERVENTION

Habilitation, Rehabilitation, and Education

Normally hearing children's responses to a nonsense syllable test (NST; Edgerton & Danhauer, 1979). Danhauer, J. L., Lewis, A., & Edgerton, B. Feb. 1985, 100-103.

A psychosocial perspective on the glossectomy experience. Pettygrove, W. B. Feb. 1985, 107-109.

The speech of the adventitiously deaf and auditory information: A response to Goehl and Kaufman (1984). Zimmermann, G. N., & Collins, M. J. May 1985, 220-221.

Hearing Aids and Other Prostheses

Reliability of threshold, slope, and PB max for monosyllabic words. Beattie, R. C., & Raffin, M. J. M. May 1985, 166-178.

Some effects of FM-system coupling on hearing aid characteristics. Hawkins, D. B., & Schum, D. J. May 1985, 132-141.

HEARING LOSS (DEAFNESS-ADVENTITIOUS) AND SPEECH

Belief and evidence: A reply to Zimmermann and Collins. Kaufman, D., & Goehl, H. May 1985, 221-223.

LANGUAGE

NATURE OF NORMAL LANGUAGE

Language Development

Accessing children's knowledge of sociolinguistic rules for speech therapy lessons. Ripich, D. N., & Panagos, J. M. Nov. 1985, 335-346.

Effects of older siblings on the language young children hear and produce. Wellen, C. J. Feb. 1985, 84-99.

Historical note on the development of possessive pronouns. Rudmin, F. August 1985, 298-299.

Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.

Reply to Siegel, Katsuki, and Potechin. Rice, M. L. August 1985, 303-305.

Response to "Contemporary accounts of the cognition/language relationship" (Rice, 1983). Siegel, G. M., Katsuki, J., & Potechin, G. August 1985, 302-303.

Speech perception development in language-impaired children: A 4-year follow-up study. Bernstein, L. E., & Stark, R. E. Feb. 1985, 21-30.

Use of abstracts, orientations, and codas in narration by language-disordered and nondisordered children. Sleight, C. C., & Prinz, P. M. Nov. 1985, 361-371.

LANGUAGE DISORDERS

Aphasia and Other Adult Language Disorders

Effects of personally relevant language materials on the performance of severely aphasic individuals. Wallace, G. L., & Canter, G. J. Nov. 1985, 385-390.

A psychosocial perspective on the glossectomy experience. Pettygrove, W. B. Feb. 1985, 107-109.

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

Language Disorders in Children

Correlates of language development in language-disordered children. Schery, T. K. Feb. 1985, 73-83.

Encoding of new versus old information by autistic children. McCaleb, P., & Prizant, B. M. August 1985, 230-240.

Facilitating word combination in language-impaired children through discourse structure. Schwartz, R. G., Chapman, K., Terrell, B. Y., Prelock, P., & Rowan, L. Feb. 1985, 31-39.

Historical note on the development of possessive pronouns. Rudmin, F. August 1985, 298-299.

Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.

Lexical imitation and acquisition in language-impaired children. Schwartz, R. G., & Leonard, L. B. May 1985, 141-149.

"No news is bad news": A response to McCauley and Swisher (1984). Muma, J. R. August 1985, 290-293.

On the subject of subjects: Suggestions for describing subjects in language intervention studies. Wickstrom, S., Goldstein, H., & Johnson, L. August 1985, 282-286.

A pilot study of language facilitation for bilingual, language-handicapped children: Theoretical and intervention implications. Perozzi, J. A. Nov. 1985, 403-406.

A preliminary investigation of reduplication in children with specific language impairment. Lahey, M., Flax, J., & Schlisselberg, G. May 1985, 186-194.

Questioning the value of large *N*, multivariate studies: A response to Schery (1985). Kamhi, A. G. August 1985, 288-290.

Reply to Kamhi. Schery, T. K. August 1985, 290.

Reply to Muma (1985). McCauley, R. J., & Swisher, L. August 1985, 293-294.

Reply to Siegel, Katsuki, and Potechin. Rice, M. L. August 1985, 303-305.

Response to "Contemporary accounts of the cognition/language relationship" (Rice, 1983). Siegel, G. M., Katsuki, J., & Potechin, G. August 1985, 302-303.

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

Rule invention in the acquisition of morphology by a language-impaired child. Camarata, S., & Gandour, J. Feb. 1985, 40-45.

Speech perception development in language-impaired children: A 4-year follow-up study. Bernstein, L. E., & Stark, R. E. Feb. 1985, 21-30.

Unusual and subtle phonological behavior in the speech of phonologically disordered children. Leonard, L. B. Feb. 1985, 4-13.

Use of abstracts, orientations, and codas in narration by language-disordered and nondisordered children. Sleight, C. C., & Prinz, P. M. Nov. 1985, 361-371.

Using the miniature linguistic system in teaching syntax: Two case studies. Bunce, B. H., Ruder, K. F., & Ruder, C. C. August 1985, 247-253.

Word, syllable, and sound awareness in language-disordered children. Kamhi, A. G., Lee, R. F., & Nelson, L. K. May 1985, 207-212.

Learning Disabilities

"No news is bad news": A response to McCauley and Swisher (1984). Muma, J. R. August 1985, 290-293.

Language Disorders in Mental Retardation

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

ASSESSMENT AND INTERVENTION

Assessment

Early language abilities of high-risk infants. Hubatch, L. M., Johnson, C. J., Kistler, D. J., Burns, W. J., & Moneka, W. May 1985, 195-207.

"No news is bad news": A response to McCauley and Swisher (1984). Muma, J. R. August 1985, 290-293.

On the subject of subjects: Suggestions for describing subjects in language intervention studies. Wickstrom, S., Goldstein, H., & Johnson, L. August 1985, 282-286.

Reply to Muma (1985). McCauley, R. J., & Swisher, L. August 1985, 293-294.

Rule invention in the acquisition of morphology by a language-impaired child. Camarata, S., & Gandour, J. Feb. 1985, 40-45.

Intervention

Facilitating word combination in language-impaired children through discourse structure. Schwartz, R. G., Chapman, K., Terrell, B. Y., Prelock, P., & Rowan, L. Feb. 1985, 31-39.

On the subject of subjects: Suggestions for describing subjects in language intervention studies. Wickstrom, S., Goldstein, H., & Johnson, L. August 1985, 282-286.

A pilot study of language facilitation for bilingual, language-handicapped children: Theoretical and intervention implications. Perozzi, J. A. Nov. 1985, 403-406.

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

Nonspeech Communications Systems

Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.

Relative translucency of ASL signs representing three semantic classes. Page, J. L. August 1985, 241-247.

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

BILINGUAL CHILDREN

A pilot study of language facilitation for bilingual, language-handicapped children: Theoretical and intervention implications. Perozzi, J. A. Nov. 1985, 403-406.

COGNITIVE DEVELOPMENT

Reply to Siegel, Katsuki, and Potechin. Rice, M. L. August 1985, 303-305.

LANGUAGE DEVELOPMENT IN SPECIAL POPULATIONS (HIGH-RISK INFANTS)

Early language abilities of high-risk infants. Hubatch, L. M., Johnson, C. J., Kistler, D. J., Burns, W. J., & Moneka, W. May 1985, 195-207.

SIGN LANGUAGE

Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.

SPEECH

NATURE OF NORMAL SPEECH

Development of Speech and Voice

Relationship between early pronunciation processes and later pronunciation skill. Klein, H. B. May 1985, 156-165.

Anatomy and Physiology of the Adult Speech System

Motor impairment differences in orofacial and respiratory speech control with cerebellar disorders: A response to Hixon and Hoit (1984). Abbs, J. H. August 1985, 306-312.

Reply to Abbs (1985). Hixon, T. J., & Hoit, J. August 1985, 312-317.

A reply to Doyle. Weinberg, B., & McGarvey, S. D. Nov. 1985, 409-410.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Speech production and oral motor skill in an adult with an unrepaired palatal cleft. Fletcher, S. G. August 1985, 254-261.

Perception of Speech

Alaryngeal speech intelligibility and the older listener. Clark, J. G. Feb. 1985, 60-65.

Laterality differences in child stutterers: Heterogeneity, severity levels, and statistical treatments. Blood, G. W. Feb. 1985, 66-72.

Speech perception development in language-impaired children: A 4-year follow-up study. Bernstein, L. E., & Stark, R. E. Feb. 1985, 21-30.

SPEECH AND VOICE DISORDERS

Articulation and Resonance Disorders

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Continuous speech sampling for phonologic analyses of speech-delayed children. Shriberg, L. D., & Kwiatkowski, J. Nov. 1985, 323-334.

Effect of syllable stress and serial position on error variability in polysyllabic productions of speech-delayed children. Klein, H. B., & Spector, C. C. Nov. 1985, 391-402.

Misarticulating and normally articulating children's identification and discrimination of synthetic [r] and [w]. Hoffman, P. R., Daniloff, R. G., Bengoa, D., & Schuckers, G. H. Feb. 1985, 46-53.

Oral structural and neuromuscular characteristics in children with normal and disordered articulation. Dworkin, J. P., & Culatta, R. A. May 1985, 150-156.

Relationship between early pronunciation processes and later pronunciation skill. Klein, H. B. May 1985, 156-165.

Reply to Muma (1985). McCauley, R. J., & Swisher, L. August 1985, 293-294.

Speech production and oral motor skill in an adult with an unrepaired palatal cleft. Fletcher, S. G. August 1985, 254-261.

Unusual and subtle phonological behavior in the speech of phonologically disordered children. Leonard, L. B. Feb. 1985, 4-13.

Craniofacial and Other Anomalies

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Speech production and oral motor skill in an adult with an unrepaired palatal cleft. Fletcher, S. G. August 1985, 254-261.

Physiologically Based Speech Disorders

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Motor impairment differences in orofacial and respiratory speech control with cerebellar disorders: A response to Hixon and Hoit (1984). Abbs, J. H. August 1985, 306-312.

Reply to Abbs (1985). Hixon, T. J., & Hoit, J. August 1985, 312-317.

A reply to Doyle. Weinberg, B., & McGarvey, S. D. Nov. 1985, 409-410.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Some problems in the clinical application of phonological theory. Foster, D., Riley, K., & Parker, F. August 1985, 294-297.

Stuttering and Other Fluency Disturbances

Laterality differences in child stutterers: Heterogeneity, severity levels, and statistical treatments. Blood, G. W. Feb. 1985, 66-72.

Measurement and modification of speech naturalness during stuttering therapy. Ingham, R. J., & Onslow, M. August 1985, 261-281.

Stuttering and speech naturalness: Some additional data. Ingham, R. J., Gow, M., & Costello, J. M. May 1985, 217-219.

Voice and Other Laryngeal Disorders

Acoustic and physiologic correlates of the voicing distinction in esophageal speech. Connor, N. P., Hamlet, S. L., & Joyce, J. C. Nov. 1985, 378-384.

Alaryngeal speech intelligibility and the older listener. Clark, J. G. Feb. 1985, 60-65.

Another perspective on esophageal insufflation testing: A response to McGarvey and Weinberg (1984). Doyle, P. C. Nov. 1985, 408-409.

Communication apprehension in esophageal and tracheoesophageal speakers. Byles, P. L., Forner L. L., & Stemple, J. C. May 1985, 114-119.

Esophageal insufflation testing in nonlaryngectomized adults: Response to McGarvey and Weinberg (1984). Singer, M. I., & Blom, E. D. August 1985, 287.

Intrinsic laryngeal muscle activity in a spastic dysphonia patient. Shipp, T., Izdebski, K., Reed, C., & Morrissey, P. Feb. 1985, 54-59.

A reply to Doyle. Weinberg, B., & McGarvey, S. D. Nov. 1985, 409-410.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Use of the Phonation Analyzer as a clinical tool. Wilson, F. B., & Starr, C. D. Nov. 1985, 351-356.

ASSESSMENT AND INTERVENTION

Assessment

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Measurement and modification of speech naturalness during stuttering therapy. Ingham, R. J., & Onslow, M. August 1985, 261-281.

"No news is bad news": A response to McCauley and Swisher (1984). Muma, J. R. August 1985, 290-293.

Oral structural and neuromuscular characteristics in children with normal and disordered articulation. Dworkin, J. P., & Culatta, R. A. May 1985, 150-156.

A reply to Doyle. Weinberg, B., & McGarvey, S. D. Nov. 1985, 409-410.

Reply to Muma (1985). McCauley, R. J., & Swisher, L. August 1985, 293-294.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Some problems in the clinical application of phonological theory. Foster, D., Riley, K., & Parker, F. August 1985, 294-297.

Intervention

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Measurement and modification of speech naturalness during stuttering therapy. Ingham, R. J., & Onslow, M. August 1985, 261-281.

Instrumentation for Diagnosis, Treatment, and Research

A microcomputer-based wearable biofeedback device to improve transfer of treatment in parkinsonian dysarthria. Rubow, R. T., & Swift, E. May 1985, 178-185.

Reply to Abbs (1985). Hixon, T. J., & Hoit, J. August 1985, 312-317.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Speech production and oral motor skill in an adult with an unrepaired palatal cleft. Fletcher, S. G. August 1985, 254-261.

Use of the Phonation Analyzer as a clinical tool. Wilson, F. B., & Starr, C. D. Nov. 1985, 351-356.

ALARYNGEAL SPEECH

Another perspective on esophageal insufflation testing: A response to McGarvey and Weinberg (1984). Doyle, P. C. Nov. 1985, 408-409.

LARYNGECTOMY

Acoustic and physiologic correlates of the voicing distinction in esophageal speech. Connor, N. P., Hamlet, S. L., & Joyce, J. C. Nov. 1985, 378-384.

PHONOLOGICAL THEORY AND DISTINCTIVE FEATURES

Some problems in the clinical application of phonological theory. Foster, D., Riley, K., & Parker, F. August 1985, 294-297.

PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

Research Issues and Methodology

Questioning the value of large *N*, multivariate studies: A response to Schery (1985). Kamhi, A. G. August 1985, 288-290.

Reply to Abbs (1985). Hixon, T. J., & Hoit, J. August 1985, 312-317.

Reply to Kamhi. Schery, T. K. August 1985, 290.

Response to "Contemporary accounts of the cognition/language relationship" (Rice, 1983). Siegel, G. M., Katsuki, J., & Potechin, G. August 1985, 302-303.

The speech of the adventitiously deaf and auditory information: A response to Goehl and Kaufman (1984). Zimmermann, G. N., & Collins, M. J. May 1985, 220-221.

Therapy and research. Siegel, G. M., & Spradlin, J. E. August 1985, 226-230.

PROFESSIONAL TRAINING

Historical Perspectives

Historical note on the development of possessive pronouns. Rudmin, F. August 1985, 298-299.

TITLE INDEX

Accessing children's knowledge of sociolinguistic rules for speech therapy lessons. Ripich, D. N., & Panagos, J. M. Nov. 1985, 335-346.

Acoustic and physiologic correlates of the voicing distinction in esophageal speech. Connor, N. P., Hamlet, S. L., & Joyce, J. C. Nov. 1985, 378-384.

Acoustic-reflex dynamics and the loudness-discomfort level. Greenfield, D. G., Wiley, T. L., & Block, M. G. Feb. 1985, 14-20.

Alaryngeal speech intelligibility and the older listener. Clark, J. G. Feb. 1985, 60-65.

Another perspective on esophageal insufflation testing: A response to McGarvey and Weinberg (1984). Doyle, P. C. Nov. 1985, 408-409.

Auditory brainstem responses in a case of high-frequency conductive hearing loss. Gorga, M. P., Reiland, J. K., & Beauchaine, K. A. Nov. 1985, 346-350.

Belief and evidence: A reply to Zimmermann and Collins. Kaufman, D., & Goehl, H. May 1985, 221-223.

Communication apprehension in esophageal and tracheoesophageal speakers. Byles, P. L., Forner L. L., & Stemple, J. C. May 1985, 114-119.

Construction and use of a bite-block for the evaluation and treatment of speech disorders. Netsell, R. Feb. 1985, 103-106.

Continuous speech sampling for phonologic analyses of speech-delayed children. Shriberg, L. D., & Kwiatkowski, J. Nov. 1985, 323-334.

Correlates of language development in language-disordered children. Schery, T. K. Feb. 1985, 73-83.

Early language abilities of high-risk infants. Hubatch, L. M., Johnson, C. J., Kistler, D. J., Burns, W. J., & Moneka, W. May 1985, 195-207.

Effect of syllable stress and serial position on error variability in polysyllabic productions of speech-delayed children. Klein, H. B., & Spector, C. C. Nov. 1985, 391-402.

Effects of glycerol on cochlear frequency selectivity in patients with Menière's disease. Harrison, R. V., Dauman, R., Tavartkiladze, G. A., & Aran, J.-M. May 1985, 213-217.

Effects of older siblings on the language young children hear and produce. Wellen, C. J. Feb. 1985, 84-99.

Effects of personally relevant language materials on the performance of severely aphasic individuals. Wallace, G. L., & Canter, G. J. Nov. 1985, 385-390.

Encoding of new versus old information by autistic children. McCaleb, P., & Prizant, B. M. August 1985, 230-240.

Esophageal insufflation testing in nonlaryngectomized adults: Response to McGarvey and Weinberg (1984). Singer, M. I., & Blom, E. D. August 1985, 287.

Facilitating word combination in language-impaired children through discourse structure. Schwartz, R. G., Chapman, K., Terrell, B. Y., Prelock, P., & Rowan, L. Feb. 1985, 31-39.

Historical note on the development of possessive pronouns. Rudmin, F. August 1985, 298-299.

Iconicity and sign language: A reply to Lloyd, Loeding, and Doherty (1985). Orlansky, M. D., & Bonvillian, J. D. Nov. 1985, 407-408.

Intrinsic laryngeal muscle activity in a spastic dysphonia patient. Shipp, T., Izdebski, K., Reed, C., & Morrissey, P. Feb. 1985, 54-59.

Laterality differences in child stutterers: Heterogeneity, severity levels, and statistical treatments. Blood, G. W. Feb. 1985, 66-72.

Lexical imitation and acquisition in language-impaired children. Schwartz, R. G., & Leonard, L. B. May 1985, 141-149.

Measurement and modification of speech naturalness during stuttering therapy. Ingham, R. J., & Onslow, M. August 1985, 261-281.

A microcomputer-based wearable biofeedback device to improve transfer of treatment in parkinsonian dysarthria. Rubow, R. T., & Swift, E. May 1985, 178-185.

Misarticulating and normally articulating children's identification and discrimination of synthetic [r] and [w]. Hoffman, P. R., Daniloff, R. G., Bengoa, D., & Schuckers, G. H. Feb. 1985, 46-53.

Motor impairment differences in orofacial and respiratory speech control with cerebellar disorders: A response to Hixon and Hoit (1984). Abbs, J. H. August 1985, 306-312.

"No news is bad news": A response to McCauley and Swisher (1984). Muma, J. R. August 1985, 290-293.

Normally hearing children's responses to a nonsense syllable test (NST; Edgerton & Danhauer, 1979). Danhauer, J. L., Lewis, A., & Edgerton, B. Feb. 1985, 100-103.

On the subject of subjects: Suggestions for describing subjects in language intervention studies. Wickstrom, S., Goldstein, H., & Johnson, L. August 1985, 282-286.

Oral structural and neuromuscular characteristics in children with normal and disordered articulation. Dworkin, J. P., & Culatta, R. A. May 1985, 150-156.

A pilot study of language facilitation for bilingual, language-handicapped children: Theoretical and intervention implications. Perozzi, J. A. Nov. 1985, 403-406.

A preliminary investigation of reduplication in children with specific language impairment. Lahey, M., Flax, J., & Schlisselberg, G. May 1985, 186-194.

A psychosocial perspective on the glossectomy experience. Pettygrove, W. B. Feb. 1985, 107-109.

Questioning the value of large *N*, multivariate studies: A response to Schery (1985). Kamhi, A. G. August 1985, 288-290.

Relation between frequency selectivity and speech perception following glycerol-induced cochlear changes. Stelmachowicz, P. G., Johnson, D. E., Larson, L. L., & Brookhouser, P. E. Nov. 1985, 372-377.

Relationship between early pronunciation processes and later pronunciation skill. Klein, H. B. May 1985, 156-165.

Relative translucency of ASL signs representing three semantic classes. Page, J. L. August 1985, 241-247.

Reliability of threshold, slope, and PB max for monosyllabic words. Beattie, R. C., & Raffin, M. J. M. May 1985, 166-178.

Reply to Abbs (1985). Hixon, T. J., & Hoit, J. August 1985, 312-317.

A reply to Doyle. Weinberg, B., & McGarvey, S. D. Nov. 1985, 409-410.

Reply to Kamhi. Schery, T. K. August 1985, 290.

Reply to Muma (1985). McCauley, R. J., & Swisher, L. August 1985, 293-294.

Reply to Siegel, Katsuki, and Potechin. Rice, M. L. August 1985, 303-305.

Response to "Contemporary accounts of the cognition/language relationship" (Rice, 1983). Siegel, G. M., Katsuki, J., & Potechin, G. August 1985, 302-303.

Role of iconicity in sign acquisition: A response to Orlansky and Bonvillian (1984). Lloyd, L. L., Loeding, B., & Doherty, J. E. August 1985, 299-301.

Rollover measurements with Auditec NU-6 word lists. Meyer, D. H., & Mishler, E. T. Nov. 1985, 356-360.

Rule invention in the acquisition of morphology by a language-impaired child. Camarata, S., & Gandour, J. Feb. 1985, 40-45.

Singer and Blom: A reply. McGarvey, S., & Weinberg, B. August 1985, 287-288.

Some effects of FM-system coupling on hearing aid characteristics. Hawkins, D. B., & Schum, D. J. May 1985, 132-141.

Some problems in the clinical application of phonological theory. Foster, D., Riley, K., & Parker, F. August 1985, 294-297.

The speech of the adventitiously deaf and auditory information: A response to Goehl and Kaufman (1984). Zimmermann, G. N., & Collins, M. J. May 1985, 220-221.

Speech perception development in language-impaired children: A 4-year follow-up study. Bernstein, L. E., & Stark, R. E. Feb. 1985, 21-30.

Speech production and oral motor skill in an adult with an unrepaired palatal cleft. Fletcher, S. G. August 1985, 254-261.

Spondee recognition threshold as a function of set size. Punch, J. L., & Howard, M. T. May 1985, 120-125.

Stuttering and speech naturalness: Some additional data. Ingham, R. J., Gow, M., & Costello, J. M. May 1985, 217-219.

Therapy and research. Siegel, G. M., & Spradlin, J. E. August 1985, 226-230.

Unusual and subtle phonological behavior in the speech of phonologically disordered children. Leonard, L. B. Feb. 1985, 4-13.

Use of abstracts, orientations, and codas in narration by language-disordered and nondisordered children. Sleight, C. C., & Prinz, P. M. Nov. 1985, 361-371.

Use of the Phonation Analyzer as a clinical tool. Wilson, F. B., & Starr, C. D. Nov. 1985, 351-356.

Using the miniature linguistic system in teaching syntax: Two case studies. Bunce, B. H., Ruder, K. F., & Ruder, C. C. August 1985, 247-253.

Vowel confusions of hearing-impaired listeners under reverberant and nonreverberant conditions. Nabelek, A. K., & Letowski, T. R. May 1985, 126-131.

Word, syllable, and sound awareness in language-disordered children. Kamhi, A. G., Lee, R. F., & Nelson, L. K. May 1985, 207-212.
